Mr. Everett, Mr. Plumer and Mr. Ries,

The Rocky Mountain Division Board has voted unanimously to ask you (Mr. Everett, Mr. Plumer and Mr. Ries) to voluntarily resign respectively from the Board and as National Legal Advisor. The three of you have had many years of service to the Ski Patrol. You have each served long terms at the National level. We hope this service and your love of the Ski Patrol will allow you to do this to avoid further confrontation between the membership and the Board.

We ask this because it is clear there are many members who are concerned and the level of frustration is continuing to escalate. It is important to note that due to costs the membership is bearing and other issues member concern and frustration are higher now than it was last summer when the petition drive was initiated.

When issues arise, stepping down is an honorable, respected, time tested way of leaders protecting the organization whether government, for-profit or non-profit and is not in any way an admission of wrongdoing. A timely decision on your part will allow the new Board being seated in March to have full member support and focus on critical issues.

Sincerely,
The Rocky Mountain Division Board
